

MLA APA

SOME DIFFERENCES

Modern Language Association
American Psychological Association

Researchers generally use APA documentation for work in the physical and social sciences. For scholarly papers in literature and the arts, they use the MLA format.

Examples show how APA emphasizes both the authorship and date (recency) of cited resources.

MLA Example

Booth, Wayne et.al. *The Craft of Research*. Chicago: University of Chicago Press, 2008.

APA Example

Booth, W., Colomb, G. & Williams, J. (2008). *The Craft of Research*. Chicago: University of Chicago Press.
